SERVICE ABOVE SELF

Rotary Foundation Newsletter

August 2009 PDG Travis White, District Rotary Foundation Chair Horace McCormack, District Governor

Register for Rotary Foundation Seminar & Banquet

Learn How You Can Be Part of Another Successful Year of Service with the Help of *Our* Foundation!

Support for The Rotary Foundation is one of the most important pillars of a successful Rotary Club. The Rotary Foundation is the financial engine that helps fuel our ability to serve. Without our financial support for the Foundation, Rotarians would have fewer humanitarian, educational, and vocational service opportunities to assist persons in need in our communities and around the world.

District Governor Horace McCormack recently observed, "RI President John Kenny has reminded us this year that the future of Rotary is in our hands. District 7610 wants to ensure that you have the tools and resources in *your* hands to allow your club to realize future success in its involvement and participation in programs of The Rotary Foundation."

To maximize your club's ability to realize the service opportunities available through The Rotary Foundation, Past District Governor Travis White and members of the District Foundation Committee have organized an exciting Foundation Seminar and Banquet to be held August 22. A copy of the proposed agenda for the Seminar and Banquet is included on page 2 of this newsletter.

The Seminar will include a program of speakers and topics that will be helpful regardless of your level of knowledge of the Foundation. The programs will range from an introductory break out session for new Rotarians and first-time attendees to sessions that focus on annual

giving success strategies in difficult economic times. Other topics will include successful Group Study Exchange hosting, scholarship programs, recent changes to Foundation programs, a Polio eradication update, and a grants workshop, to name a few. These sessions will be facilitated by recognized leaders in our District and Zone 33.

The activities will culminate on the evening of August 22 at the annual Foundation Banquet to be held at Cannon Ridge Golf Club, where our keynote speaker will be Past District Governor JT Capps from North Carolina, followed by the presentation of annual awards to clubs whose Foundation excellence for Rotary Year 2008-09 earned particular merit.

All reservations must be made online via the [District website](#). Registration closes August 16. Early bird special rates are available. Seminar registration is \$30 through August 10

and \$35 thereafter. Banquet reservations may be made for \$45 through August 10 and \$50 thereafter. Visa and MasterCard payments are accepted.

Be a part of another successful year of service by joining your fellow Rotarians at the District 7610 Foundation Seminar and Banquet on August 22.

---	--

Banquet Key Note Speaker: Past District Governor John T. Capps, District 7730
 Charter President of the RC of Morehead City—Noon, North Carolina, JT Capps has been a Rotarian for more than 30 years. He is a great exponent of "Southern" friendship and hugging, which in some parts of the world gets him in trouble. "We take ourselves too seriously," says JT. "I like to participate in and share the international humanitarian programs of Rotary. I'm not a great Rotarian; I just toil daily in the cornfield of life, to bring a few laughs, a few tears of joy." JT has participated in 32 RI Conventions, 10 Polio National Immunization Days and numerous Multi-District President-Elect Training Seminars. He has given out thousands of complimentary copies of his popular booklets, "7 Habits of Highly In-Effective Rotarians," "7 Ways to Get A New Member and Increase Your Club Membership," "GOALS...How To Be A Great Rotarian," and "How To Survive Your Year As President and Have Fun-Having the Best Year Your Rotary Club Has Ever Had!"

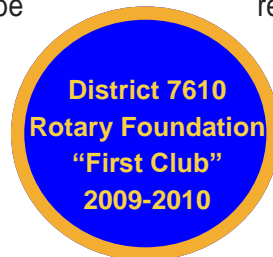

Will Your Club Be the "First Club"?

District Governor Announces First-Ever Rotary Foundation "First Club" Challenge

Is your club up to the challenge of being the first-ever District 7610 Rotary Foundation "First Club"? What will it take to meet this challenge? Will your club be the first to meet the following elements by April 1, 2010?

1. Your club meets its [Annual Giving Goal](#).
2. 100 percent of your club's members are Rotary Foundation [Sustaining Members](#).

This is not an "April Fool's" joke. All clubs that qualify by April 1 will receive preferred seating for the Foundation Luncheon and Governor's Banquet at the District Conference in Williamsburg, April 29 to May 2, 2010. The first club to achieve this distinction by April 1 will receive a special recognition patch for the club's banner.

Exciting prizes await the club that wins the first-ever Rotary Foundation "First Club" Challenge.

The winning club and each of its Sustaining Members will be identified and congratulated in a special recognition printed in the Foundation Newsletter and on the district website—forever to be known as the first, "First Club."

The **Grand Prize** is an 8-foot Xccent Insignia Series steel outdoor bench with club name identification plate, valued at \$900, which the "First Club" can install as a community service project in its local community! Additional prizes will be awarded to second and third place, also.

So, does **your** club have the right stuff to be the first-ever Rotary Foundation "First Club"?

Successful Annual Giving Strategies

Advice from a Professional Fundraiser: Successful Giving Campaigns Even in Tough Economic Times

How many members of your Rotary club are contributing to The Rotary Foundation's [Annual Programs Fund](#)?

According to Rotarian and professional fundraiser Bill Eck, Rotarians will give, even in tough economic times, if they recognize Rotary's value to them. A former District 5450 Foundation chair and annual giving chair, Eck recommends asking the following questions of Rotarians individually or, preferably, in an interactive group setting. Their responses, he says, will help them realize Rotary's full value, leading them to want to make a gift.

- What about Rotary is important to you personally?
- What impact has Rotary had on your life?
- What is your proudest accomplishment in Rotary and why?
- What is your most meaningful experience in Rotary and why?

- What is your role in furthering world understanding, goodwill, and peace?
- How does The Rotary Foundation of Rotary International strengthen Rotary and you?
- Why is making a difference to people in the world important to you?
- What is your part in ensuring The Rotary Foundation's impact?
- If you had \$1 million dollars to give to The Rotary Foundation's programs, what would you do with it and what does that do for you?

Eck says that talking to Rotarians about the value they receive from Rotary "will only strengthen their commitment, ownership, and gratitude" in giving to the Foundation, every year. [Contribute now.](#)

District 7610 Rotary Clubs Made Dreams Real in 2008-09

Clubs Made a Real Difference in the World Through Rotary Foundation Matching Grant Projects

Humanitarian projects totaling nearly one-quarter of a million dollars in India, Cameroon, Ghana, and Guatemala were undertaken by District 7610 Rotary Clubs in 2008-09 and made possible by Matching Grants funded through the cooperative assistance of The Rotary Foundation.

Here's a short summary of how **your** contributions to the Annual Programs Fund helped change the lives of people who were benefited by these Matching Grant projects:

In Gidiri, India, the **Rotary Club of Albemarle** is supplying medical equipment so a medical team from the University of Virginia can provide reconstructive surgical treatments. Project cost: \$14,067

In Cameroon, the **Rotary Club of Charlottesville**, in cooperation with engineering students from the University of Virginia, completed the first phase of a project to bring clean water to the village of Wum. Project cost: \$32,000

In Ecuador, the **Rotary Club of Crystal City-Pentagon** is purchasing a truck and educational tools to allow aid workers to provide health and educational support and training to rural villages. Project cost: \$50,000

In Ghana, the **Rotary Club of Dunn Loring** has joined a multi-club/multi-district effort to eradicate Guinea worm and prevent other water-borne diseases by providing clean water to more than 100,000 people. Project cost: \$112,491

In Guatemala, the **Rotary Club of McLean** purchased a four wheel drive vehicle that will allow medical teams to access rural villages and indigent native populations who never before have received medical care. Project cost: \$21,844

In India, the **Rotary Club of Rappahannock-Fredericksburg** purchased a generator, computers, food, and educational equipment for a school. Project cost: \$21,733. The club also sponsored a second project in India to create public awareness about HIV/AIDS, to provide home health care and medical treatment to patients, and vocational training to women. Project cost: \$18,228

Congratulations and thank you to all District 7610 Rotary Clubs and Rotarians who helped Make Dreams Real in Rotary Year 2008-09 through your participation in Rotary Foundation programs and grants, and through your financial support of **our** Foundation.

What Color is YOUR Pinkie?

Purple Pinkie Project Raises Awareness and Financial Support for Rotary's Polio Campaign

The Rotary Club of Lake City, Florida, developed an innovative way to raise funds for polio eradication, and, in the process, to raise public awareness about Polio: [The Purple Pinkie Project](#).

The Club called upon its local elementary, middle, and high school students and Interact clubs to help raise funds to immunize other children from polio. When each student donated at least \$1.00 (the approximate amount Rotary International estimates is needed for one immunization), Rotarians painted their pinkies purple with the same support of Rotary's Global Polio Eradication Campaign. Gentian Violet used throughout the world on eradication day as a symbol of one child saved from polio. Of course, more than one finger was painted as some students brought in multiples of \$1.00.

High school students wait in line to have their pinkies painted purple in support of Rotary's Global Polio Eradication Campaign.

Students were drawn to this "purple badge" in their desire to help save other children from polio. Over 3,000 children from all of the community's twelve schools participated. Teams of Rotarians painted pinkies and collected \$3,000 from the children, in just over two hours.

District Governor Horace McCormack encourages each Rotary Club in District 7610 to hold a Purple Pinkie Project or to undertake another community-based fund raising project to support Rotary's global polio eradication, while continuing to meet each club's goal for Annual Giving. Rotary District 7610 and its clubs have set a goal of raising \$107,000 for polio eradication during the 2009-2010 Rotary Year.

Rotary Walk to The White House

High Profile Event Scheduled for October 24, 2009, World Polio Awareness Day & RI Day of Giving

One step at a time, Rotarians are walking to “End Polio Now.” It’s part of a new local-to-global campaign, founded by members of the Rotary Club of Gainesville-Haymarket (VA), called Rotary Walk to The White House.

On October 24, 2009, Rotary International’s Day of Giving and World Polio Awareness Day, District 7610 Rotarians will be walking to the White House to raise money for PolioPlus, Rotary International’s global campaign to eradicate Polio. They also are challenging Rotarians across America and

around the globe to walk in their communities on the same day for the same cause.

The ultimate goal is to raise \$200 million for PolioPlus, matching the \$555 million grant given to Rotary International by The Bill and Melinda Gates Foundation. The goal is to finally eradicate the disease.

To walk with us, to make a donation, or to learn about other ways to get involved, visit www.rotarywalk.org or search “Rotary Walk to The White House” on Facebook.

The Final Inch to Eradicate Polio Reception

Club Sponsors Sought to Host Premier Event Scheduled for October 24, 2009, World Polio Awareness Day

A premiere event is scheduled for Saturday, October 24, 2009, which will bring together partners in Rotary’s global effort to eradicate polio at a reception to be held in Washington, DC. The reception will include a screening of the 2008 Academy Award Nominated Documentary, *The Final Inch*, which features the global campaign to eradicate Polio by Rotary and its global partners.

The reception committee will invite to the event Senators and U.S. Representatives who previously received Rotary International’s Polio Eradication Champion Award and the ambassadors and diplomatic delegations of several countries, including each of the four countries in which Polio remains endemic.

In addition to its outstanding public relations and membership development potential, this event chiefly is a fundraising opportunity for sponsoring clubs to achieve and exceed their 2009-2010 PolioPlus contribution goals for Rotary’s \$200 Million Challenge. Sponsoring clubs will share costs on a pro-rata/per capita

basis, but will realize net ticket sales and net sponsor fees that an individual sponsor club generates in excess of that club’s pro-rata costs. Sponsorship requires a nominal up-front fee of \$300, which will be used for venue deposits, equipment rental, and other organizational costs. Costs that are not otherwise covered by the up-front sponsorship fee would be shared pro-rata based on the club’s membership as of 1 July 2009, as described in the Executive Summary, which is available upon request.

This is an excellent way for your club to gain financial support for PolioPlus from a public fundraiser, **without** diverting contributions from the Annual Programs Fund. In addition to ticket sales and the recruitment of any financial/corporate sponsors, sponsoring clubs would provide hands-on organizational planning and support for the event.

For more information or to obtain the Event Prospectus and Executive Summary, please contact [Scott Mills](#), Foundation Annual Giving Chair.

District 7610 Supports Guinea Worm Eradication

Support Sought from District 7610 Clubs for Multi-District Effort to Eradicate Water-Borne Parasites in Ghana

For all of recorded history, Guinea worm, a water-borne parasite, has caused crippling skin blisters from which the worms must be extracted in a painful procedure requiring each worm to be slowly pulled, inch by inch, from the blister and coiled around a stick each day for weeks. The disease was so prevalent in ancient history that some believe that the symbol for medicine—a snake wrapped around a stick—may be an early representation for Guinea worm extraction.

Click on the photo above and view an online video about the global effort to eradicate Guinea worm.

Incredibly, it is a disease that is entirely preventable by breaking the life cycle of the worm through the supply of clean water.

Rotary has joined the Carter Center, World Health Organization, and a coalition of private and

government organizations to eradicate Guinea worm from the face of the earth. When this occurs (possibly within the next four years, if not sooner), Guinea worm will be the first disease that will have been eradicated globally without the use of immunizations or drugs.

Through a commitment of \$25,000 in District Designated Funds, District 7610 has joined with other Rotary districts in the sponsorship of a \$300,000 Rotary Foundation Matching Grant project that will help push the eradication efforts forward in Ghana, where infections have dropped from 8300 cases in 2003 to fewer than 200 expected

in 2009, leaving the disease on the brink of extinction. If you or your club want to join in this historic effort, contact District Grants Subcommittee Chair [Vance Zavela](#).

Dulles Club Leads the Way in 2009-10

First Club in District 7610 to Become 100 Percent Paul Harris Fellows Club This Year

The Rotary Club of Dulles International Airport became the first 100 Percent Paul Harris Fellows Club in District 7610 for Rotary Year 2009-2010 on July 20, 2009. The Dulles Club was certified by District 7610 for the distinction for the third time in that club's history. Congratulations!

Rotary clubs in which all dues-paying members are Paul Harris Fellows can be certified as a 100 Percent Paul Harris Fellow Club and are eligible to receive a one-time special recognition banner from The Rotary Foundation. In addition to the one-time recognition banner from The Rotary Foundation, District 7610 annually recognizes clubs that achieve 100 Percent Paul Harris Fellow Club status with the presentation of a banner that lists the years in which the club has achieved the recognition.

To obtain this recognition, a club representative must contact the district governor after determining that all current, dues-paying club members are Paul Harris

Fellows.

How can **your** club achieve this distinction? Here's how many clubs do it. First: Obtain a Club Recognition Summary from Member Access at rotary.org to see which members of your club are not PHFs.

Second: Find out what is important to the members who are not PHF, and begin to educate them about the benefits of their support of the Foundation. Third: Consider offering [Recognition Points](#) to match donations of non-PHF's in exchange for their pledge to "make up" the points through contributions over the next three years.

For clubs that achieve this distinction for the first time, the district governor must confirm that all members are Paul Harris Fellows and notify The Rotary Foundation. Honorary Rotarians and former club members do not need to be Paul Harris Fellows for clubs to receive this recognition. [See a list of 100% Paul Harris Fellow Clubs](#) (PDF). [Read more about Paul Harris Fellows](#).

District 7610 Scholarship Committee Report

District 7610 Clubs Recruit "Bumper Crop" of Qualified Ambassadorial Scholar Candidates

A dozen applicants submitted applications for Rotary Ambassadorial Scholarships for the academic year 2010-2011. DGE Ron Marion has budgeted for two \$25,000 scholarships to be awarded for 2010-2011.

Sponsoring clubs include Alexandria, Arlington, Blue Ridge Mountains, Charlottesville, Centreville, Crystal City-Pentagon, Fairfax,

McLean, Purcellville, and Vienna. Candidate interviews will take place on August 29th.

Those applications selected for endorsement will be forwarded to DG Horace McCormack and DGE Ron Marion for approval shortly thereafter. Submission of the finalists' applications will be forwarded to RI before the October 1st deadline.
