Overdue Grant Reporting. The Trustees have reaffirmed that an essential component of stewardship of grant funds is the preparation and submission of timely and accurate grant reports. To facilitate this reporting, the following steps will be taken:

- ❑ TRF has established a system of reminders for sponsors of grants to submit grant reports.
- ❑ Clubs or districts that have sponsored grants and have not reported on the use of grant funds for 21 months or more will be posted on the RI website.
- ❑ If 30 months or more have passed since clubs or districts reported on the use of grant funds, TRF will recommend to the RI Board of Directors termination of the appropriate sponsoring Rotary clubs.
- ❑ TRF will review the status of reporting on a semi-annual basis. Districts and their members that are less than 70% current and compliant with reporting requirements on two consecutive semi-annual reports will be suspended from participation in the Humanitarian Grants program.

Building The Rotary Foundation

“.. There are tens of thousands of Rotarians who will look upon this opportunity (Building the Rotary Foundation) as a real privilege, men who feel that Rotary has done much for them, who sincerely believe in its purposes and objects. Then there are other men who are seeking ways and means of leaving some part of their wealth where it may do the greatest good for humanity. What better equipped organization or institution than Rotary International (TRF) can be found to be entrusted with such funds?”

Arch C. Klumph, RI President 1916-17

Gifts that Support the Foundation TODAY – Naming Opportunities.

The Rotary Foundation provides many opportunities for donors to express their own commitment to Rotary's work or to honor a friend or family member through a named gift. A named gift is an outright contribution to the Annual Fund that provides immediate funding for a project. One hundred percent (100%) of the gift is spent on the program in the contribution year. Named gifts provide immediate support for the Foundations cultural, humanitarian and educational programs. Some examples:

\$26,000: Provides funds for an academic year of study through the [Ambassadorial Scholarship](#) program, the world's largest privately funded international scholarships program.

\$12,000: Provides funds for a three-month [cultural Ambassadorial Scholarship](#) allowing a scholar to experience intensive foreign language training and cultural immersion in another country.

\$19,000: Provides funds for a six month Cultural Ambassadorial Scholarship.

\$11,000: Provides funds for a [Group Study Exchange](#).

Moving The Rotary Foundation Forward. The Foundation's seven member Future Vision Committee, headed by 2005-06 Trustee Chair Frank Devlyn, has begun to develop a long-range plan that will determine the Foundation's future focus and structure. "At the beginning of this process, the Trustees generally agreed that the Foundation has too many programs," says John Osterlund, general manager of the Foundation. "Everyone wanted to simplify the structure and make it more cost-effective, but there was no consensus on how to accomplish that."

So the committee sought input from grassroots Rotarians and Rotary senior leaders through a Web-based ongoing survey of Rotarians. With the assistance of Primer Michaels, a Chicago-area consulting firm that specializes in strategic planning, survey data was analyzed and a draft of the plan was presented to the Trustees at their April meeting and to the RI Board at their June 2006 meeting. Final ratification is set for October 2006, following incorporation of additional feedback from directors, trustees, and Rotarians attending zone institutes in August and September.

Foundation Tidbits

Great Quote: “Rotary's PolioPlus Program is a shining example of the achievements made possible by cooperation between the United Nations and non-governmental organizations.”
— **Kofi Annan, Secretary-General of the United Nations**

Well Done! In the village of Zormat, Afghanistan, finding clean water used to be a daily challenge. This duty typically rested with women and children and required traveling 30 minutes by mule to a well and filling only as many containers as they could carry. But gathering water got easier for 60 families in Zormat and people in neighboring villages when the Savannah, GA Rotary Club funded a new well.
Rotarian Magazine, July 2006 Issue.

United Nation's Honors Rotary. For Rotary International's role in the Global Polio Eradication Initiative and helping give more than two billion children a life free from polio, the World Food Programme (WFP), the United Nations' anti-hunger agency, honored Rotary with the WFP Award for Exemplary Humanitarian Leadership.

The “plus” in PolioPlus. Two billion children immunized. Five million spared disability. More than a million deaths averted. Rotary's flagship program is adding up to big gains in the battle against infectious diseases. *See July 206 Rotarian Magazine article on pages 44-46.*

PolioPlus Gets New Leader. Bob Scott, a member of the RC of Cobourg, Ont., Canada, became the new chair of the International PolioPlus Committee on July 1. Scott replaces long-time committee chair Bill Sergeant who was the committee's first chair and served in that position since 1994, the longest term ever served by a Rotary volunteer.
